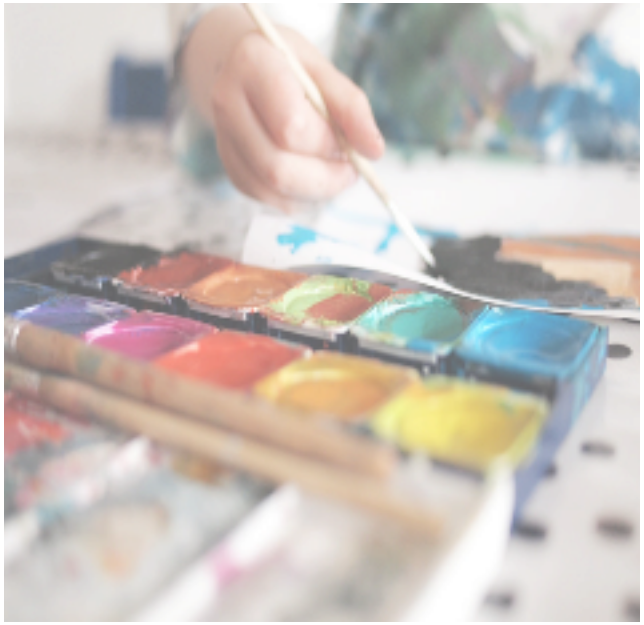
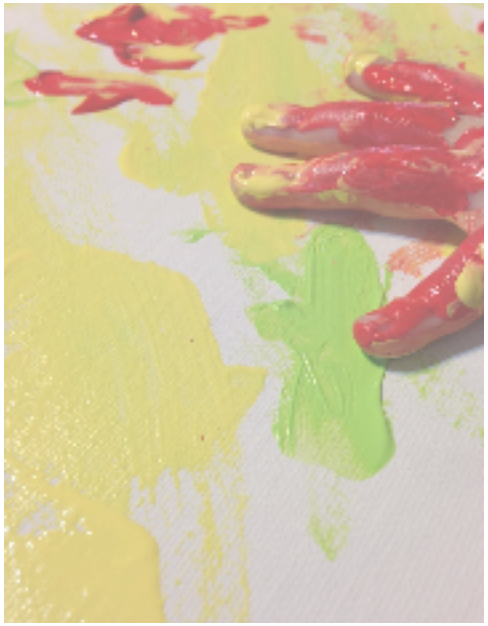
29	30 Pre-K Dalcroze 11am-12pm		 **APRIL 8 - 14**			

The Reggio Way



As many of you know, April is approaching and along with it comes **OECC's 7th Annual Art Show**. The Art Show is a time of year when we open our doors to parents and family members to showcase the magnificent artwork our young learners create. Please join us on **Friday, April 6th from 3:30-5:30 pm** for finger foods and your children's fantastic displays.

This year we will be investigating famous artists and techniques. We truly feel that this type of art show gives your children the opportunity to further explore a particular artist or a style of art, for instance pointillism like that of Georges Seurat or splatter painting like Jackson Pollock. Not only will the children be expressing themselves creatively, but they will also be learning about art, artists and presentation in preparation for the show. The classrooms will be working on individual as well as group work to display in the East muscle room. The transformation is truly amazing as the muscle room becomes an art gallery.


Please plan to attend this one of a kind event. We look forward to seeing you there!
